Top Anglers Bet On This Calcutta. For over ten years Calcutta Marine has been researching hull designs, helm, deck and cabin layouts, and talking with recreational and tournament anglers to create a World Class Sport Fishing Catamaran. Beginning with a hull design, by noted naval architect Glenn Henderson, and over a year of research and engineering to develop what the St Petersburg Times dubbed, "The Ultimate Fishing Machine", the Calcutta 263 was built. While redefining "Fishability" the 263 was an immediate success with experienced anglers and the Calcutta team has never looked back, constantly staying focused on innovative products while maintaining the unsurpassed reputation that it is known for, the Best Sport Fishing Catamaran Ever Built! Our attention to detail and a unique design that features the open transom and Seagate™, is unlike anything else, and transcends into the final product. Calcutta owners from all parts of the sport fishing world enjoy something unique to their own style. Whether it's "dialed in" for tournament fishing or a fishing trip with your family and friends, a semi-custom Calcutta will fulfill your dreams. We Share Your Passion For The Sea!
